

BREAK A CHILD'S COLD BY GIVING SYRUP OF FIGS

Cleanses the little liver and
bowels and they get
well quick.

When your child suffers from a cold don't wait; give the little stomach, liver and bowels a gentle, thorough cleansing at once. When cross, peevish, fussy, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again. If your child coughs, snuffles and has caught cold or is feverish or has a sore throat give a good dose of "California Syrup of Figs," to evacuate the bowels no difference what other treatment is given.

Sick children needn't be coaxed to take this harmless "Fruit Laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. Get the genuine, made by "California Fig Syrup Company."

COWMEN FORCED AT LAST TO ADMIT THAT HOG IS AN ANIMAL

Artesia, N. M., Nov. 26.—The stockmen of the Pecos valley have always resented the incoming sheep men and farmers, and more especially have they disliked the oft-expressed idea that a hog is an animal, but the same as a cow, but this week there isn't a stockman, cow or sheep, who dares raise his head when a swine breeder passes him on the street, for it became known Monday morning that W. F. Holloman, of Artesia, had traded a young pig for six young calves to a Carlsbad man named Hubbard.

Of course, no cowman could possibly see why a man with a calf would want to trade for a pig at all, but the trade gone the other way, and Hubbard received six pigs for one calf, there would have been nothing said about the matter. It is like the old editor's definition of news: "If a rat eats a rat, that isn't news; but if a rat eats a cat, that's worth publishing." So while a trade of one calf for several pigs, or even the trade of one pig for one cow, would have been considered legitimate, the fact that Holloman got six perfectly good calves for one extra good pig is more than the stockmen can stand, so they sit and mourn.

The pig, to add insult to injury, was less than six months old, but he was an aristocrat, a full blooded Durand-Jersey of the purest stock, and the trade was really an even swap on the basis of money valuation. Mr. Hubbard will use the hog to start a herd of thoroughbred hogs on his farm near Carlsbad, and Mr. Holloman will fatten the calves for the market.

First Candidate Is Out.
Artesia, N. M., Nov. 26.—So far as is known the first candidate in the state to come out for office is Arthur O'Quinn, present clerk of Eddy county, who wishes to succeed himself in that position. Mr. O'Quinn is a very competent and popular official, and it is probable that he will have no opposition.

RECOMMENDED FOR GROUP.
Coughs, colds, croup, hoarseness, inflamed throat, bronchial troubles, or sore chest are relieved by Foley's Honey and Tar which opens clogged air passages, soothes and heals inflamed surfaces, and restores normal breathing. W. C. Allen, Foley, Mo., says: "I have raised a family of four children and used Foley's Honey and Tar with all of them. I find it the best cough and croup medicine I ever used. I used it for eight or ten years and can recommend it for croup." Sold everywhere.

AUTOISTS TAKE POSSESSION OF SAN DIEGO FAIR

More Than a Thousand Parties
This Week, According
to Word Receiver From
Waldo Twitchell.

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
Santa Fe, Nov. 26.—Over 1,000 automobile parties are in San Diego this week, according to Waldo Twitchell at the New Mexico building at San Diego. The following registered from New Mexico: Mrs. C. E. Vaughan, Albuquerque; Elbert Downs, Las Vegas; Walter Johnson, Rose Johnson, Mrs. S. A. Johnson, Las Cruces; Rufus Mead, Las Vegas; Robert S. Conroy, Chinita; M. Dawson, Cimarron; Evangeline Perry, Mr. and Mrs. C. A. Watson, Albuquerque; E. J. Montoya, San Antonio.

Among the distinguished visitors was former United States Senator William A. Clarke, of Butte, Mont., who was accompanied by his granddaughter, Miss Colvin and T. P. Colvin, district superintendent of the Salt Lake route. Senator Clarke had financed the Montana building and said it would be kept open at his own expense during 1916, as would also the Salt Lake-Union Pacific building. He predicted that the crowds next year would far surpass those of this year, and declared it would be a mistake for New Mexico to close the building.

Prominent Visitors.
L. C. Korrek, superintendent of the Neesh Plaster company, was much interested in the New Mexico coal display and took along some specimens for testing in his laboratory.

Alfred J. Goodrich, author and artist, was another visitor who was delighted with the building and took a number of photographs and made a sketch of the patio.

Duffy Lewis, of the Boston Red Sox, was another highbrow visitor and declared that New Mexico made a home run with its exhibit.

Fred L. Baker, president of the Automobile Club of Southern Colorado, was especially interested in New Mexico's display. He took with him the last copy of the State Highway Book. He predicted the day no longer near when tourists would travel from New York to California via New Mexico on a concrete highway.

Victor-American Wins Suit.
Santa Fe, Nov. 26.—The Victor-American Fuel company, sued by H. J. Evans, administrator of the estate of W. E. Hawkins, who was killed in the Navajo mine March 1, 1914, won a victory today in the federal court, after a hearing that began on Tuesday of last week, by the court instructing the jury to find for the defendant. It was a hard fought legal battle in which Col. Ralph E. Twitchell and K. Buffum appeared for the Victor-American, and Hansford & Wade for the plaintiff. The damages asked were for \$25,000.

Mrs. Roseborough Dead.
Deming, N. M., Nov. 26.—Mrs. Rachel Gist Roseborough, wife of John Roseborough, Sr., died at Deming at 3 a. m. Sunday, of pneumonia. She was 62 years old, and besides her husband, she leaves a daughter, Mrs. H. C. Dyer, of El Paso, and two sons, John Roseborough, Jr., of Myndus, and Joe Roseborough, who lives near Deming. The funeral was held yesterday morning at 10:30, at the Mahoney undertaking parlors. The Rev. Hugh T. Mitchell made charge of the services, and burial was in the local cemetery here.

Complaints of Tax Levies.
Carrizozo, N. M., Nov. 26.—At a special meeting of the county commissioners held here for the purpose of considering a revision of the tax levies in school districts Nos. 7, 13 and 19, H. E. Harding, tax commissioner of the El Paso & Southwestern system was present as one of the complaining parties. However, after it had been shown that the levies in the above districts were legal and that the money was not being extravagantly used, as the Southwestern company had been informed, Mr. Harding withdrew his objections and the levies were allowed to stand as originally assessed.

THE VAMPIRE WOMAN. THEDA BARA, COMING TO PASTIME THEATER

A scintillating gem of fiction. An opera of universal appeal and undying popularity. A stage success of unparalleled dramatic power. Everyone is familiar with "Carmen" in one or other of these forms. Now William Fox gives to the world a new version of this fascinating classic. Backed by the vast resources of his superb organization, and assisted by the best directorial and histrionic talent obtainable, he has made the screen production of "Carmen" a masterpiece in every sense of the word. To Miss Theda Bara, star of the Theater Antoine, Paris, falls the honor of creating for the moving picture public the role of the volatile Spanish heroine, and under the direction of R. A. Walsh, the noted producer, she has far surpassed her previous screen successes. The story of the play is so well known as to require only the barest outline. Carmen, the beautiful Spanish girl, spirit of capricious indignation, lives but to conquer the hearts of men. Don Jose, a young officer of the Spanish army, falls a victim to her dangerous fascinations. At her behest he forsakes his duty, and at last, driven by insane jealousy, he commits a murder for her sake. He flees from justice and takes refuge with a band of outlaws in the mountains. Having accomplished his aim, the heartless Carmen turns to fresh conquests. The handsome Escamillo, foremost torero of Spain, takes her fancy, and she sets about his seduction. She has reckoned without Jose, however. Instead of taking his dismissal calmly, the disgraced officer lies in wait for his false love and in a manner typically Spanish wreaks terrible vengeance.

At the Pastime theater, Sunday and Monday.

CABINET PRESENTED TO SCHOOL BY JONES

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
Santa Fe, Nov. 26.—President R. A. Jones of the School of Mines yesterday presented to the Santa Fe high school a cabinet with specimens of the forty minerals of the greatest economic value or frequency in New Mexico. He addressed the high school pupils upon the mineral resources of the state and the development of the State School of Mines.

President Jones also presented to the historical museum in the Palace of the Governors, an old bayonet, presumably Spanish and several hundred years old, that was found near Socorro.

Visitors to Museum.
Santa Fe, Nov. 26.—The presidents of two of the educational institutions of the state visited the museum yesterday. Dr. David H. Lloyd of the University of New Mexico, and President F. A. Jones of the School of Mines, other visitors were: A. W. Taggart, Mrs. J. A. Taggart, Omaha; R. C. Turb, Omaha; W. H. Pringle, Sheldon, Iowa; C. O. Marshall, Espanola; Mr. and Mrs. S. B. Hunter, Cape Girardeau, Mo.; Marcos Freyre, Arabela, N. M.; Mrs. John D. Guthrie, Springfield, Mo.; Mrs. Eleanor Peters, Minneapolis; Mr. and Mrs. L. S. Peters, Albuquerque; Prof. J. J. Hagg of Evanston, Ill.; Mrs. Marshall Alahin, New York City, whose husband is a high official in the Presbyterian church.

RAILROAD OFFICIAL EXPECTS BIG BUSINESS

Santa Fe, Nov. 26.—Much heavier travel in 1916 than ever before in the Rocky mountains, is the prediction of F. A. Wadleigh, general traffic manager of the Denver & Rio Grande railroad, in the following letter to the secretary of the Museum of New Mexico:

"I am in receipt of your manuscript 'The Land of Shipohie,' for publication in the January issue of the Red Book. I want to compliment you on this article. It is just what I wanted, and is splendidly written. It is the most complete magazine article I have ever seen written on this section and we will use every word of it, as well as the pictures which you also sent in."

"For your information I may say that we expect a very large travel to the Rocky mountains this coming year and are boosting our 'Around the Circle Trip' in every way and you will also have another booklet on the ancient ruins of the southwest. Thanking you for your splendid story and the promptness with which you responded, I am yours very truly, F. A. Wadleigh."

SYNDICATE HEAD IN CARRIZOZO TO EXAMINE MINES

Tungsten and Gold Ores to
Receive Attention of New
Owners of Property in White
Oaks District.

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
Carrizozo, N. M., Nov. 26.—Richard Wichtman, accompanied by Mrs. Wichtman, arrived Saturday from New York. Mr. Wichtman heads the eastern syndicate which recently took over the group of mining properties at White Oaks. While the new owners will largely devote their energies to the extraction of tungsten, which is making that old camp famous, the gold ore will not be overlooked.

The different mine owners at White Oaks have for the past twenty years been throwing upon the dumps thousands of dollars worth of tungsten. It is estimated by engineers who have gone into the matter that a half million dollars worth of this metal has been thrown away, the mine owners little realizing that some day it would be of high commercial value. Up to fifteen years ago there was very little demand for it, and the miners of those days probably never dreamed that the crystalline black stuff which seemed to them a nuisance, would in so short a time be valued as one of the precious metals.

Rich in Tungsten.
About two months previous to the time the White Oaks properties were taken over by the Wichtman syndicate it is estimated that \$25,000 in tungsten had been picked out of one of the mines by one man who held a lease, with two of his helpers taking out as much as \$1,000 per day for a considerable period of time.

This mineral, commercially pure, sells for about \$10 per pound, and the ore of the North and South Home-shake mines is said to run 50 per cent and is worth \$10 a ton of twenty pounds, or \$1 per pound, which makes it a fairly average \$1 per short ton. The demand for this mineral is larger than the supply, and the way things are looking at present, and with the energy that is now behind the White Oaks project, it is only a question of a short time until the little mountain town to which it was some twenty years ago—one of the best little mining camps in the state. However, the new management does not expect to start mining operations on a large scale until some time in the early spring.

White Oaks can boast of being one of the most important tungsten camps in the world today, as well as being famous for gold-producing mines. The present management has on file now letters from England and France, inquiring concerning its tungsten supply and quotations thereon.

Many Attend Closson Funeral.
East Las Vegas, N. M., Nov. 26.—H. H. Closson, during the thirty-six years that he resided in Las Vegas, made many lasting friends, and was shown by the large attendance at his funeral, which was held Tuesday afternoon, the Rev. R. A. Shindele officiating. Mr. Closson was 57 years of age. He was born in Canada, where he resided prior to coming to Las Vegas, where he was in the lumber business for twenty years. A son, Sheriff C. C. Closson, of Santa Fe county, is well known throughout the state.

Lime Against Tuberculosis

In the May 23, 1915, issue of the Journal of the American Medical Association appeared this statement concerning calcium (lime) medication in the treatment of tuberculosis:

"Under the systematic, continued and persistent regime of calcium assimilation, Van Gieson has seen a number of his patients improve. The spasm clears up, the tubercle health, which badly disappears, and the patients are discharged with healed pulmonary tuberculosis."

Medical journals seldom speak so positively about a remedial agent, yet this testimony coincides with that from many sources who have secured the results through the use of Beckman's Alternative. Since calcium is a component of life remedy, its healing power may be due to the way this element is combined with other valuable ingredients as in its health stimulant.

Beckman's Alternative contains no opiates, narcotics or habit-forming drugs, so it is safe to try. Buy your drug at a drug store. Beckman Laboratory, Philadelphia.

GOVERNOR WILL BOOST FAIR GAME FOR NEXT YEAR

Chief Executive Desires to See
Publicity Program so Well
Started at San Diego Continued in Future.

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
Santa Fe, Nov. 26.—Governor McDonald started this afternoon for Carrizozo to examine the tungsten and gold mines. Governor McDonald also plans to attend the New Mexico and the southern counties to the continuation of New Mexico's publicity campaign at San Diego during 1916. At El Paso he will be joined by Commissioner Gus A. Reed, while Col. Ralph E. Twitchell, president of the exposition board, goes to Dallas tomorrow.

The governor's publicity campaign will be kept open the building in 1916 and also the following:

Asked to Issue Statement.
The governor's statement will be issued in his journal, and the publicity of the state of New Mexico participating at the exposition.

The board of county commissioners of Santa Fe county will meet Monday and will be asked to take the lead in the movement to enable New Mexico to keep its building open at San Diego during 1916.

Let state publicity agencies make or trade as easily as they can. Buy or sell them; use them. Do it today.

Mr. Reed outlined in the most many suggestions regarding changes to be made in the exhibit and the advisability of extending the present exhibit. The principal suggestion and recommendation made was pertaining to the disposition of a large working model of the entire state, showing the resources of the state, especially the agricultural resources, mining industry, transportation and good roads systems, the shallow reef districts, the arid lands, to list a few, the more advanced and opportunities awaiting the home, industry and investment in New Mexico. These suggestions were heartily concurred in by the entire board, including Governor McDonald.

Resolutions Adopted

In conclusion the following resolutions were adopted:

"Whereas, the board of county commissioners is indebted to Fred Harvey for the loan of many Indian blankets for decorative purposes at the New Mexico building during the year 1915, and

Whereas, the board wishes to extend to the several daily and weekly newspapers throughout the state who so generously assisted the board through the agency of Mr. Paul A. P. Walter, publicity secretary; and

Whereas, it also desires to extend to Mr. Edward J. Duffley, United States Forest ranger, who has been in charge of the United States forest exhibit in the New Mexico building during the year 1915, its appreciation of his theory, cooperation and the manner in which he has assisted the board of all things, now therefore

Resolved, that the state publicity agencies be asked to make a permanent record of such resolutions on the books of the board of county commissioners.

The board of county commissioners of Santa Fe county will meet Monday and will be asked to take the lead in the movement to enable New Mexico to keep its building open at San Diego during 1916.

Let state publicity agencies make or trade as easily as they can. Buy or sell them; use them. Do it today.

IN FIVE MINUTES NO SICK STOMACH, INDIGESTION, GAS

"Pape's Diapepsin" is the
quickest and surest Stomach relief.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you have gas and create that indigestion, heartburn, flatulence, belching, bad taste in mouth and stomach headache, you can get relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent boxes of Pape's Diapepsin. Then you will understand why dipepsin relieves all kinds of stomach troubles of all kinds most so, and why it relieves your out-of-order stomach or indigestion in five minutes. "Pape's Diapepsin" is harmless, tastes like candy, though each dose will digest and prevent for assimilation into the blood all the food you eat. Besides, it makes you go to the table with a healthy appetite, but what will please you most, is that you will feel that your stomach and bowels are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" stands, as many people will call them, but you will be enthusiastic about this splendid stomach remedy. Then, too, if you ever take it for indigestion, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.

Governor Pardons Sick Woman.

Santa Fe, Nov. 26.—Governor McDonald today pardoned Port Carrillo, serving a 90 days sentence for stealing clothes from Santa Fe women who had employed her. She is seriously ill and had served a part of her sentence.

To Brighten the Home To Reduce Labor To Save Money

Electricity will help you do all these things and INCREASE your pleasure and comfort at the same time.

It has made a peaceful invasion of the urban and rural home, and transformed it from a "dark age" condition into a modern, progressive and electrical one.

The great benefits which electricity has brought to mankind, have often been reviewed in print and by word of mouth, but never has it been so possible for you to show your full approval of the electrical, better way of living as in celebrating Electricity Prosperity Week, which has been planned to run a whole week, November 29th to December 4th.

Electrical Prosperity Week is the logical time for you to begin to do more things electrically. Washing, ironing, cleaning or what not, electricity is the better, easier way of doing household tasks.

Let us tell you more of the 101 ways you will profit if you have your house wired.

Nov. 29th to Dec. 4th
